

Apple Watch Banking

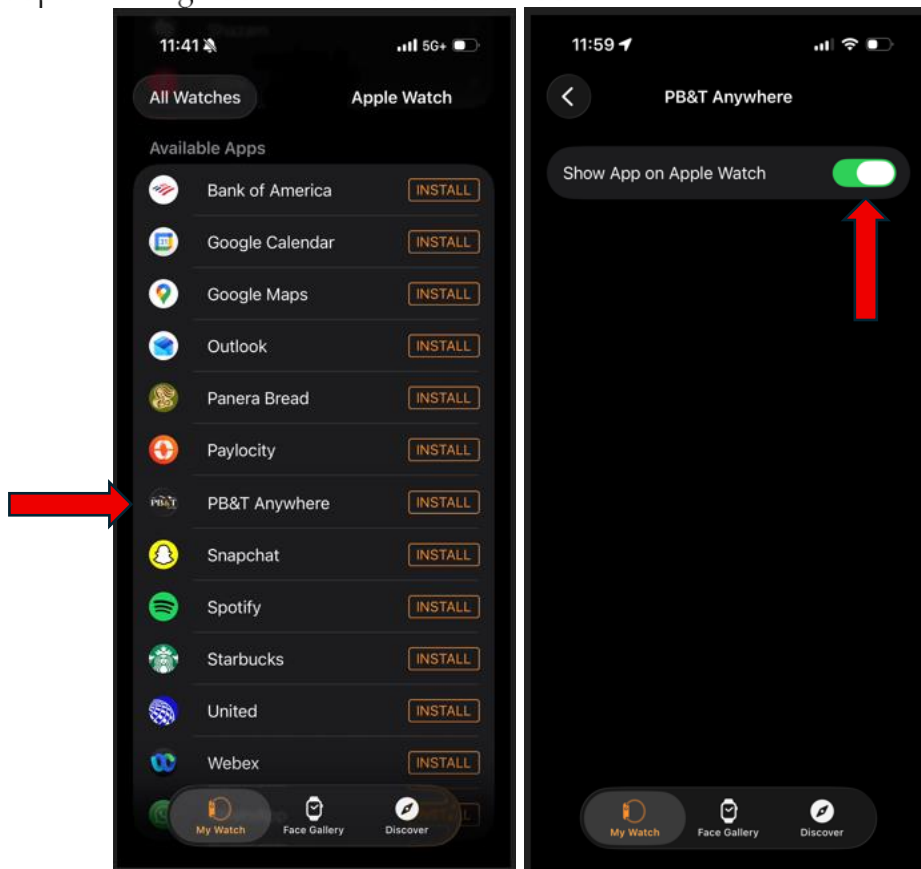

Apple Watch Banking makes it easy to stay connected to your PB&T accounts - right from your wrist. By enabling this feature through the PB&T Anywhere app, you can quickly check balances and review recent transactions anytime, anywhere. The steps below will guide you through turning on Apple Watch Banking so you can start enjoying a faster, more convenient way to bank.

From your Phone

1. Log into the PB&T Anywhere app, from your mobile device
2. Click on the gear button in the upper right corner
3. From your Settings menu, select Quick balance > Apple Watch > Show balances on Watch

4. Open the Apple Watch app and scroll down to Available Apps
5. Locate PB&T Anywhere and click INSTALL
6. Once installed, PB&T Anywhere will appear in the Installed On Apple Watch section. Click PB&T Anywhere and toggle "Show App on Apple Watch" on

From your Watch

1. Press the Digital Crown on your Apple Watch to access your apps. Scroll to PB&T Anywhere
2. Once in PB&T Anywhere, you will see all accounts listed with current balances
3. Click each account to see the last 5 transactions
